“ Lori was a role model figure in my life when i was a high-school student I went to school with her granddaughter. Lori was always so full of life and laughter. I would spend alot of time chatting with her on the phone. She was always there even when things got rough. she always offered great advice. She always pointed me in the correct direction. she will be missed very much and I know she is at peace now living in perfect bliss. I will be happy to see her friendly face again at those pearly gates. You are a great friend ! and you are close too my heart.
